& CREMATION SERVICES, INC.

We are a family-owned, full-service funeral home providing the highest quality services with care and compassion.

To ensure your trust, we own and operate our own on-site crematory which is staffed by certified crematory operators. Your loved ones will never leave our care.

With two convenient locations, we are on call and readily available 24/7. We service all of Beaver County and beyond.

We also can help pre-plan any funeral arrangements to ease the burden of this difficult time of your loved ones. We offer pre-arrangement discounts for those who decide to pre-pay their funerals.
